

# CALL FOR PAPERS

## EUROPEAN WINTER MEETING TEL AVIV 2011

### REGIONAL CONSULTANTS

**Chair person: Prof. Georg Kirchsteiger**

Université Libre de Bruxelles (ECARES)

E-mail: [gkirchst@ulb.ac.be](mailto:gkirchst@ulb.ac.be)

Areas of expertise: behavioral economics, experimental economics, game theory, industrial economics

Region: Benelux

**Prof. Leo Kaas**

University of Constance

E-mail: [Leo.Kaas@uni-konstanz.de](mailto:Leo.Kaas@uni-konstanz.de)

Areas of expertise: macroeconomics, labor markets, financial frictions

Region: Austria and Germany

**Prof. Oliver Linton**

London School of Economics

E-mail: [O.Linton@lse.ac.uk](mailto:O.Linton@lse.ac.uk)

Areas of expertise: nonparametric and semiparametric methods, financial econometrics

Region: Great Britain and Ireland

**Prof. Claudio Michelacci**

CEMFI

E-mail: [c.michelacci@cemfi.es](mailto:c.michelacci@cemfi.es)

Areas of expertise: macroeconomics, international economics

Region: France, Portugal, and Spain

**Prof. Zvika Neeman**

Eitan Berglas School of Economics,

Tel Aviv University

E-mail: [zvika@post.tau.ac.il](mailto:zvika@post.tau.ac.il)

Areas of expertise: Game theory, information economics, microeconomic theory, law and economics, environmental economics

Region: Israel and other areas

**Prof. Franco Peracchi**

University of Rome Tor Vergata

E-mail: [franco.peracchi@uniroma2.it](mailto:franco.peracchi@uniroma2.it)

Areas of expertise: Econometric theory, semiparametric estimation, labor economics

Region: Greece, Italy and Switzerland

**Prof. Ákos Valentinyi**

National Bank of Hungary

E-mail: [valentinyia@mnk.hu](mailto:valentinyia@mnk.hu)

Areas of expertise: Macroeconomics, economic growth and development

Region: Eastern European countries

**Prof. Juuso Välimäki**

Helsinki School of Economics

E-mail: [juuso.valimaki@hse.fi](mailto:juuso.valimaki@hse.fi)

Areas of expertise: Microeconomic theory, industrial organization, game theory, economics of information

Region: Scandinavia

## European Winter Meetings Econometric Society

The European Winter Meetings of the Econometric Society started in the 1950s with the aim of bringing together the most promising young European researchers with a group of senior academics representing different European regions and fields of specialization. Many of today's leading European economists started their careers by presenting their first major paper at one of these Meetings.

In 2001, the European Standing Committee of the Econometric Society decided to introduce a change in the format of the Meetings, so as to focus the invitations on PhD students close to finishing their theses.

### MISSION STATEMENT

The general aim of the Meetings is to promote the quality of the work done by young European researchers in economics and econometrics. The specific aim is to provide a better platform for top European PhD's candidates in the international job market.

### ORGANIZATION

The Meetings take place during two full days in late October or early November. About 16 participants are invited to present their work and to discuss the work of the other participants. Eight senior economists – the regional consultants - also attend the Meetings, where they provide comments and try to foster interaction across research fields. Each year, one of the consultants acts as Local Organizer and Program Chair.

### SELECTION PROCESS

In the summer, senior members of the Econometric Society may propose candidates to the consultant of their region. Candidates are PhD students or recent PhD graduates, going on the job market. Submissions include a copy of the candidate's job market paper and a message of introduction which should emphasize the qualities of the candidate and, if the candidate's job market paper is coauthored, should make it clear that the candidate's contribution to the paper is essential. Institutions should as much as possible coordinate their submissions, in particular by ranking candidates who operate in the same field. The selection of participants proceeds in two stages. In the first stage, each consultant selects one participant from his/her region and proposes a shortlist of candidates. In the second stage, the remaining ten participants are elected from these shortlists.

## Winter Meeting TEL AVIV October 26-27, 2011

### VENUE

Tel Aviv University

### PROGRAM CHAIR

Prof. Zvika Neeman

### CALL FOR PAPERS

Proposals of candidates should be sent by email to the relevant region's consultant before September 1, 2011. They should include the candidate's CV, the complete paper s/he would like to present, and a letter of recommendation. Successful candidates will be informed by October 1, 2011.

### PROGRAMME

To be announced in October 2011.
